Cure Catarrh by Nature's Own Method—Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by dragging the stomach. Temporary relief may be given, but a cure seldom comes.  
Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.  
The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.  
The Red Cross Pharmacy has sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not cure.
